As of March 1st 2025, we made the transition to a single wholesaler partnership with AAH, a leading UK distributor of pharmaceutical and healthcare products. AAH has been our trusted partner for over 15 years and supplies Abbott products to retail pharmacies and the majority of our contract hospital customers. As the largest community pharmaceutical wholesaler in the UK, AAH delivers over 10 million items per week from its nationwide distribution centres.

This change to a single wholesaler is part of our ongoing commitment to improving the ordering experience for healthcare professionals. AAH has a proven track record of ensuring our customers have consistent and reliable access to the full range of Abbott products.

Placing Orders With AAH

By consolidating our distribution through AAH, Abbott contract customers benefit from a single dedicated ordering portal via their website. Here you can place and manage your orders with ease, while taking advantage of useful stock and delivery features.

Live Stock Visibility

Check real-time stock levels of Abbott products, helping you make more informed decisions when placing an order.

Delivery Tracking

Easily track your orders from dispatch to delivery.

Streamlined Order Process

A single, trusted source removes the complexities of managing orders from multiple wholesalers.

We understand how vital it is to have reliable access to medical nutrition products to support patient care and wellbeing. Our move to AAH as a single distributor enhances ordering efficiency and consistency, so healthcare professionals can focus their attention on providing the best care without disruption.

You can visit the AAH website to place and manage your orders, 24/7.
